Agency 56 - Nebraska Wheat Board Program 381 - Nebraska Wheat Board

Program Objectives:

As an industry market development and promotion agency, the program of the Nebraska Wheat Board does not conform to a limited point by point analysis in planning the programs intended by the drafters of the legislation under which the board functions. In an effort to illustrate the broad and complex concepts utilized in pursuing these objectives we will allocate our resources toward these general concepts. A brief description of the intended means to facilitate these efforts is included as a part of the review. The Board utilizes individual agreements to achieve it's goals and objectives.

Performance Measures:

The members of the board meet on a regular basis during the year to conduct the administrative oversight of the program in accord with statute requirements. This provides for a continuing evaluation of all programs and activities. An annual program budget review allocates resources to pursue only those activities that the board determines are justified and can be adequately serviced with available resources.
