

Technical Notes for Agency Budget Request Information

1. Agency and program expenditure history information from the Nebraska Accounting System (NAS) was provided to state agencies for preparation of budget requests. Expenditure history information for the University of Nebraska was provided by the institution.

Due to Budget Request system reporting and rounding methodology, agency and program total expenditures for prior fiscal years may vary slightly from official NAS totals. Official state historical expenditure information may be obtained from the Department of Administrative Services — Accounting Division.

2. Agency biennial budget request information was obtained from budget requests submitted to the Department of Administrative Services — Budget Division. Agency budget request documents are on file with the Budget Division and may be reviewed upon request.
3. Agency narrative information was obtained from budget requests submitted by state agencies. The full text of additional agency- and program-level narrative information and performance measures is available for review in the Department of Administrative Services — Budget Division.
4. Current year appropriations and the request years were modified to include the appropriated revolving fund in Agency 48 - Program 640.
5. The Executive Budget is available on-line via the World Wide Web at http://www.das.state.ne.us/das_budget/bud/homepg.htm.
