

Agency 058 - BOARD OF ENGINEERS AND ARCHITECTS

STATUTORY AUTHORITY:

The Engineers and Architects Regulation Act (E&A Act) was created in 1997 and became effective January 1, 1998, replacing statutory provisions first passed in 1937. The Engineers and Architects Regulation Act, Neb. Rev. Stat. §§ 81-3401 to 81-3455, was established to govern the practices of engineering and architecture in the State of Nebraska. The E&A Act is based on national model laws prepared by the National Council of Examiners for Engineering and Surveying (NCEES) and the National Council of Architectural Registration Boards (NCARB). The E&A Act was last updated by LB23, which became effective August 30, 2015.

VISION:

The Board of Engineers and Architects is engaged as a local and national leader in safeguarding life, health, and property concerning the practices of engineering and architecture.

MISSION AND PRINCIPLES:

The Nebraska Board of Engineers and Architects establishes requirements for education, experience, examination, and enforcement for the practices of engineering and architecture through timely and quality regulatory services.

On April 30, 2018, an operational planning meeting was held to discuss current topics of interest to the Board, potential E&A Regulation Act changes, and staffing and budget priorities for the immediate future as they relate to the Board's mission.

GOALS:

1. Provide quality services to applicants, licensees, regulated firms, and the citizens of Nebraska.
2. Increase effective outreach to the public and interested stakeholders regarding enforcement of the E&A Regulation Act.
3. Update statutes and rules/regulations to respond to local and national trends and issues affecting the practices of engineering and architecture.
4. Complete implementation of a new database to increase reliability, stability, and efficiency of records and processes.
5. Complete transition from paper-based to electronic-based processes, including applications, publications, and records.
